

Assalaamu Alaikum,

Allah sent our Prophet ﷺ as a messenger and a guide,

And helped him spread HIS Word far and wide.

Through his Ummah, who struggled with their lives,

To continue with his work and strive.

Life's journey is but a relay race,

When our end comes, another picks it up and goes at his own pace.

They say the pen is mightier than the sword,

But it is Allah WHO helps us with HIS WORD.

If our pen helps to kill the disbelief in others,

That is the true Jihad, to do which no one bothers.

Many a book have I started to write,

If Allah wills, I may complete it right.

I have done my best in my venture,

But when the time comes for my departure;

"I want to Die With my Forehead on the Ground,

The Sunnah in my Heart, Allah on my Mind,

Qur'an on my Tongue, and Tears in my Eyes!"

Inshallah 'Aameen'
