

Black magic

***Surrender to Allah, and be strong to save from Black Magic.
Without fear or weakness, did Moosa present his case,
Looking at the great Pharaoh in his face.***

***With strong Faith and Constancy,
He explained to Pharaoh with leniency,
that Sihr can never attain success,
as long as we supplicate to reach access
to Allah's protection and Grace,
by keeping our lips moist with HIS Praise.***

***When the magicians turned their sticks into snakes
He was assured by Allah that it was all fake.***

***If Moses had not heeded Allah's call,
He would surely have had a great fall.***

***With true Tawakkul in Allah's Power,
We can be sure that we can succeed forever.***

With HIS help, and strong FAITH, we can proceed.

That, No Black Magic or evil, can succeed.

***Then, Shaitan will, in no way, be able to gain,
However much he tries to make man insane.***

Hence, total surrender to Allah Alone is the only way.

***To save oneself from the fear of what the magicians say.
As Prevention is always better than a Cure,
Turn your hearts towards Allah and make it Pure.***
