

INSIGHT FOR MANKIND:

I want to inform all those who read this,
Lest they neglect the truth and miss
The fact that it is Shaitan who misleads
And leads us towards all the bad deeds.
It leads us towards the world's attractions,
And makes us drown in its beatifications.
Please note that just like iron rusts when left unused,
Our brain also gets rusty if not used.
Hence, make full use of your faculty and learn,
For Allah asks us in various verses of the Quran,
"Have you not travelled through the earth and wondered
Over the various creations of Allah, and pondered?"
Today, this knowledge is at our fingertips in the form of online Courses.
Even two verses per day, it allows us to learn,
At our convenience, we can complete and earn
The love of Allah when we strive in HIS way.
Whenever we want, we can pursue our studies; night or day!
Why not avail of this opportunity to avail them from various sources?
Instead of wasting your precious time on the Idiot box, glued,
Is it not better to gain knowledge about what Allah has proved?
Remember, learning is not only to gain appreciation.
But you can gain more knowledge, honour, and satisfaction.
I find that Tafseer of the Quran is the best Source.
When we seek Allah's help, HE will help us, of course.
Therefore, use your time and learn at your leisure
To understand, implement and earn HIS pleasure.
Nothing comes easy, and Allah will surely reward us,
Gain knowledge and implement and propagate Islam: Allah tells us.
That is the need of the hour.
Remember, the Last Day is not very far.
May Allahuta'ala guide all of us towards the straight path.
And, help us propagate the true way, and save us from HIS wrath.
